PUBLIC HEALTH

Ebola outbreak spreads to new provinces; MSF warns of a serious risk of uncontrolled spread **CRITICAL**

MSF reports that while some indicators suggest the outbreak is slowing in Ituri (the initial epicenter), cases are emerging and spreading in new, poorly prepared areas. South Ubangi has become the seventh affected province, and North Kivu now accounts for nearly half of all newly confirmed cases, with rising test positivity. Since May 2026, more than 7,200 confirmed cases and 3,500 deaths have been reported.

POLITICS AND GOVERNMENT

Constitutional reform debate: Professor Ngondankoy rejects the "double revision" technique HIGH

Professor Gaspard Ngondankoy, the initiator of the referendum bill, rejected the use of a "double-trigger revision" to amend entrenched constitutional provisions. He argued that such a technique would constitute fraud against the Constitution and would expose members of Congress to charges of high treason under Articles 164 to 165 of the Constitution.

DRC central bank takes part in AI and digital transformation forum in Nairobi ELEVATED

The Central Bank of Congo took part, on 16 September 2026, in a workshop held in Nairobi on artificial intelligence and its applications for central banks, covering opportunities and challenges in monetary policy, banking supervision, payment systems, and financial stability.

CONFIRMED BCC

DRC government adopts the 2025 fiscal year accountability report — execution rate: 80.01% ELEVATED

The Council of Ministers adopted the bill on accountability reporting for the 2025 fiscal year, recording a national budget execution rate of 80.01%. The document — which the Constitution requires to be submitted to Parliament for review — details how public revenue was collected and how spending was carried out throughout the year. Its adoption formally closes the 2025 budget cycle and enables parliamentary oversight of public finance management for that period.
